

MAIL VOTE 102418 LETTER FOR BIKE-PED PATH GRANT
LETTER ATTACHED

JACQUIE BREWER MOTIONED:

The committee (formed out of the Versailles City Council) for the new bike-ped path has asked us to write a letter to attach to their grant application to show our support of the plan. I have attached and copied below a letter from us. They want the letter this week, if at all possible.

Please “reply to all” with your YAY or NAY to include our letter with the grant application.

YES – KAT, TONY, BRAD, ALISON, CHUCK, JACQUIE

To Whom It May Concern:

We are a 501c3 non-profit public charity that formed 2 years ago to facilitate progress in the Versailles city and community. Our mission statement is, *“Working together to raise our community’s standard of living”*.

Our current committees are advancing projects directed towards downtown beautification, residential beautification and youth services. We also work closely with economic development.

The proposed Bicycle-Pedestrian plan is a venture that we whole-heartedly embrace. Not only would it make Versailles more appealing to incoming families, but our community would be safer, have greater access to our schools and amenities plus we would reap the economic, health and social benefits that this trail would provide.

We would appreciate your acceptance of our city's grant proposal. We are a very progressive community. We work well together and collectively have a vision to make Versailles the best it can possibly be. This will bring our community to a whole new level of appeal.

Thank you for your consideration of Versailles in the grant acceptance process.

Sincerely,

Chuck Pryor, President

Jacque Brewer, Vice President

Kat Boyd, Secretary

Alison Pency, Treasurer

Versailles Community Betterment Executive Board
