 - October 26th @ 6:30 PM: Dumbo

- New Sound System for Movies in the Park

We've been using Jaime Wright's sound system and it has sadly bitten the dust. We need a way to have sound for the Movies in the Park. A Behringer Europort EPS500 is a complete sound system with mixing board. We would also get speaker stands.

The Behringer EPS500MP3 Lists on Amazon at \$487.99

The Stands are \$77.71

Total for this would be: \$565.70

- Movies in the Park Licensing
