Hello VCB Board!

The Residential Beautification and the Downtown Beautification committees are manning a booth for Apple Festival, through the Chamber's generous donation of a free booth (#146), right in front of the VERSAILLES mural! The purpose of the booth will be a new members drive! Tony Coons is spearheading this project. We are seeking volunteers to work a 1-hour shift on Apple Festival day. We have several volunteers, but need a few more and also setup and tear down volunteers would be appreciated. (All of our booth supplies are stored at Square Deals, so those will be fairly quick processes)

If you would like to help out, please call or text Tony Coons: 573.284.4894.

-

We are planning a kids painting activity (per board approval),. We have found 3.5 x 3.5 wooden apple blanks and bamboo skewers to create a project that kids can either paint while there( then come back and pick up) or take home to paint. And yes, the wet paint issue has been thought through and it will be OK—smiles!

We have some paints already, but will need more. The cost of the project for approximately 225 apples will be under \$175. We are also making some posters, etc for the booth, so may need up to \$25 for those items.

Please REPLY TO ALL with your YAY or NAY for us to purchase up to \$200 in supplies for our Apple Festival booth.

-

Thank you so much!
