1. Tara Grantham has formed a "100 Empowered Women" group, where women (hopefully 100+) in our community and alumni are donating \$500 each per year toward a project in the Versailles community. The designated project will be voted on at the end of the year and the majority rules as to where the money goes. It may go toward a matching funds grant, ped/bike trail, beautification, etc. The options are endless! She would like to run the funds through the VCB so that donors may deduct their contribution on their taxes. I have contacted Chuck and Alison about this. We would like to set up a separate checking account for the VCB/100 Empowered Women. Tara would be making the deposits and keeping track of the donations (and voting privileges) and sending the receipts to Alison. Alison will reconcile the bank statements. Alison made note that once we go over \$50,000 in receipts per year, we need a CPA to complete our taxes at year end. We need to clarify with Tara that she will either provide that CPA (that donates the work) or the funds to cover our tax preparation, as the \$50,000 in receipts will most likely happen.
